New approach to refueling site locator

- Collaboration with Stephe Yborra, CVEF
- Propane industry outreach
- Waymarking and RFA collaboration

Clean Cities

[About the Program](#) [Coalitions](#) [Coordinator Toolbox](#) [Financial Opportunities](#) [Information Resources](#)

Clean Cities strives to advance the nation's economic, environmental, and energy security by supporting local decisions to adopt practices that contribute to the reduction of petroleum consumption. Clean Cities has a network of approximately 90 volunteer coalitions, which develop public/private partnerships to promote alternative fuels and advanced vehicles, fuel blends, fuel economy, hybrid vehicles, and idle reduction.

Clean Cities is part of the Office of Energy Efficiency and Renewable Energy's [Vehicle Technologies](#) Program.

Petroleum Reduction Tools & Information

[Alternative Fuels and Advanced Vehicles Data Center](#): This Web site educates consumers and fleets on alternative fuels and advanced vehicles.

[Fuel Economy.gov](#): This Web site compares gas mileage, emissions, air pollution ratings, and safety data for new and used vehicles.

Clean Cities Now ▶

This quarterly newsletter addresses industry news, coalition successes, and program information.

Coordinator Toolbox ▶

This subsite helps coordinators develop strong coalitions, promote partnerships, and facilitate activities.

New Conversion Guide

Federal Fleet Toolkit

Released June 2009 on
CD.

Will be sent to all
Coordinators

Federal Fleet Partnership

Federal Fleet Resources

The Federal Energy Management Program (FEMP) provides assistance for Federal fleet managers to reduce petroleum consumption through increased use of Alternative Fuel Vehicles (AFVs).

Internet Resources

The FEMP provides many helpful resources for Federal fleet managers and other personnel regarding compliance, data collection, and fleet guidance.

FEMP's Federal Fleet Resources and Services
Resources online at www1.eere.energy.gov/femp/about/fleet_requirements.html.

Technical Information

Information and points of contact from our knowledgeable staff, ready to answer your questions.

Guidance Documents

To support your transportation management needs.

Data Collection and Annual Reports

DOE and GSA provide the Federal Automotive Statistical Tool (FAST), a Web-based tracking system. FEMP compiles data from FAST to report status and progress in Annual Reports. <http://fastweb.inel.gov>

Case Studies

Highlight best practices and provide an in-depth look at specific technologies and strategies.

Information and Link

Internet links to other Federal and private sites with related resources.

Education

FEMP provides outreach through INTERFUEL, Industry Day, and Interagency Task Force meetings.

Legislative Analysis

FEMP interprets and helps implement existing legislation while also evaluating proposed and enacted Federal fleet mandates.

Guidance and Compliance

Federal agencies must comply with the Federal Fleet requirements of:

- Energy Independence and Security Act of 2007
- Executive Order 13423, January 2007
- Energy Policy Act 2005
- Energy Conservation Reauthorization Act
- Energy Policy Act of 1992

Web Site Resources

The following Government web sites provide a wide range of information and resources to enable the use of alternative fuels in addition to other petroleum reduction options such as advanced vehicles, fuel blends, idle reduction, and fuel economy.

The Alternative Fuels and Advanced Vehicles Data Center

provides a wide range of information and resources to enable the use of alternative fuels, in addition to other petroleum reduction options such as advanced vehicles, fuel blends, idle reduction, and fuel economy. <http://www.afdc.energy.gov/afdc/>

Clean Cities has a network of approximately 90 volunteer coalitions, which develop public/private partnerships to promote alternative fuels and advanced vehicles, fuel blends, fuel economy, hybrid vehicles, and idle reduction. <http://www1.eere.energy.gov/cleancities>

UPCOMING MEETINGS & CONFERENCES

FedFleet 2009
Annual national meeting of Federal vehicle and aviation fleet managers.
July 28 - 30, 2009, Chicago, IL
<http://www.fedfleet.org/>

GovEnergy
Annual energy training workshops and exposition for Federal Agencies.
Aug. 9 - 12, 2009, Providence, RI
<http://www.govenergy.com>

Alternative Fuels & Vehicles Conference 2010
May 9 - 12, 2010, Las Vegas, NV
<http://www.afv2010.com>
